

School Policies

1. We encourage students to pursue higher education.

We have advanced level classes from the second year. Any student can study for entrance examinations with friends who have the same ambition. You can improve your academic skills at Fussa High School.

Classroom

Term test

2. We give students many opportunities to communicate with students from other countries.

Our sister school, Yokota High School, is located at Yokota Base in Fussa City. Students have opportunities to visit Yokota High School and study together. Students also have opportunities to communicate online with students from other countries such as Korea, USA and Jordan. Lycée Voltaire, a French high school, became our new sister school in 2025.

School visit at Yokota High School

International students from France

3. We have many types of club activities.

We have 16 sports clubs and 10 arts clubs. Most of the students belong to these clubs and enjoy their school life. Some clubs have won awards. For example, a student in Track and Field club ranked second place in the Ome Marathon. The giant paste-up picture is made by the students in the art club every year.

*Let's challenge
and step up!
~ for well-being!!*

Yokota High School – Sister School

Our students enjoyed learning with students from Yokota High School. They made paste-up pictures of their school emblems. We held an exhibition basketball game between the Fussa team and the Yokota High School team. Our students visited Yokota High School and played flag football together.

Welcome Ceremony

Jordan – Study Tour

Our students visited Jordan in 2025. They had meetings with Jordanian students and talked about how to create a multicultural society. They visited many historical places such as the Roman Theater, Petra, Amman Citadel and so on. They also experienced Islamic culture and Arabic food.

Reunion in Jordan

Petra – World Heritage Site

School Events -School Trip in Ehime in 2024

We have many school events, such as a sports festival, a cultural festival, and a chorus festival. The students put their best effort into each event. Especially, they practiced singing and performed very well at the chorus festival in June. The second graders also have a school trip. Last year, they went to Ehime and made good memories with their friends.
