

白鷗高校 17 期生 次世代リーダー育成道場第 12 期生 K・K

Hello! I am in Sunshine coast BC Canada. This place is full of nature and beautiful places. It's been already 6 months since I came to Canada. I feel it is too fast. I will miss all my friends here, but I'm also excited to see my friends in Japan. Here in Canada, we graduate in summer, so I still have 3 months of grade 10. It feels weird because everyone in high school in Japan is changing their grade in a few weeks. I hope I can be in the same class as my best friends when I go back.

There are so many rainy days in the area where I live during winter. One of my hobbies is cycling but due to rain, I couldn't go out a lot in the winter. Spring finally started and we have more sunny days now, so I am looking forward to enjoying cycling more soon.

These days I go to Wendy's almost every day after school with my friends. We finish our assignments and play card games there. This is a fun thing to do but it gives me financial and health issues. Not every day but I order doughnuts or burgers. I feel my body weight is increasing after we started going to Wendy's. Also, I can't spend money on this every day. I must exercise more and find somewhere else to hang out after school.

Now, I want to show you what I did this month.

I went snowboarding. It was great!! The mountain is right next to Vancouver and when you go up to the top you can see Vancouver city and ocean. We stayed until sun set. Sun set from the top was fire!! Look how beautiful it is. It was my friend's first-time snowboarding, and we had a big fun that day.

Last weekend I went to Banksy art gallery with my host family. It was my first time seeing Banksy arts real life. I learned a lot, such as how Banksy tells people his message by art. I found it very interesting.

I will have spring break in a few weeks, and I have many plans. I will enjoy rest of my exchange life in Canada. Thank you and see you next month.
