

Hello! I am in Sunshine coast BC, Canada. This place is full of nature and beautiful places. It's been already 8 months since I came to Canada. I feel it is too fast. I will miss all my friends here but I'm also excited to see my friends in Japan. There are only two more of this monthly report before I go home. I already started preparing for going back to Japan.

Today I will talk about what I did this month. This month I had outdoor ed trip. Outdoor education is one of my classes in current semester and we do lots of fun stuff outside. In this trip we went to Tofino and Horne Lake in Vancouver Island. It was long trip with 3 nights of camping. We hiked, caved, and surfed. It was my first time to go surfing. I was afraid of drowning or being hit by the board at first, but I really enjoyed it without any injury. I want to try it again someday. At Tofino, there was a beautiful beach. My group and I woke up early in the morning and went to the beach to see the sunrise. It was so beautiful. I wanted to stay there forever. We are going to have another camping trip soon. I also want to have a lot of fun there.

The town where I live now is very close to Vancouver, so I go there often using a ferry. Going to Vancouver is the best thing to do here. I like cars and in Vancouver I can find so many cars that I can't easily find in Japan.

I only have one month and two weeks left. I will do everything I can do here before I go back. I will see more cars, spend more time with my friends and family.
