

# Greetings, everyone!

- My name is Jon Sasaki. I am the new Assistant Language Teacher from America.
- I graduated from University of California last May, and I only have experience teaching elementary school students. I still have a lot to learn about teaching. I will try my hardest to guide students in learning English.
- Although this is my third time in Japan, I have only seen a fraction of what it has to offer. My last two visits were guided tours to many of the same places. I am looking forward to slowing down and greeting the culture with open arms.
- I am looking forward to experiencing the school's customs and traditions. I joined this school later than normal so, unfortunately, I missed the cultural festival. I hope I will get to partake some of what the school has to offer in the coming months.
- While I am learning more about Japanese culture, I hope I can exchange some American culture along the way.
