In addition to six themes that are closely linked to everybody’s daily lives, you can search for a workplace experience participating company from an area and schedule that are convenient for you.

### STEP 2

**“After deciding the company where you want to gain workplace experience, make an application”**

Once you find a company where you want to gain workplace experience, make your application by first pushing the “Participate in Job Camp” button. You can apply simply by filling in the necessary information according to the inputting screen. Your application will be complete when you receive an email confirming application from the secretariat.

※Each workplace experience has a set quota, and once the number of applications reaches the quota, reception will be closed. Please apply to your preferred workplace experience early.

### STEP 3

**“Participate in the 4-day program comprising pre-training, workplace experience and post-training”**

We have prepared a 4-day program which includes not only 2 days (total 6 hours) of workplace experience, but also “pre-training”, in which you will learn about the company you will visit, basic business manners and so on, and “post-training”, where you will review your workplace experience and internalize the realizations and growth that it imparted.
